SMARTSuite

A Better Value.
A Better Way to Work the Web.

millennium edition

THE **EASIEST** WAY TO PUT YOUR
BUSINESS **ON THE WEB.**

Lotus

THE SMARTEST WAY TO WORK THE WEB IS EVEN SMARTER!

SmartSuite 9.6 is part of Lotus' continuing effort to provide its customers with the **best value** in office suites. Lotus is **committed to you** and keeping SmartSuite applications on the leading edge of technology.

This latest version includes **improved filter** capabilities that increase SmartSuite's **compatibility** with Microsoft Office and new features that allow you to take full advantage of the Internet. And in order to meet the needs of many SmartSuite customers, Lotus offers you the opportunity to try the award-winning NetObjects Fusion 5.0 – the easiest and fastest way to build a Web site.

HOW DID WE IMPROVE THE OFFICE SUITE THAT MANAGES EVERY ASPECT OF YOUR BUSINESS?

By adding new features to your key business applications! SmartSuite 9.6 supports Windows 2000 – making it **easy to deploy** and maintain – and **Lotus continues to support** its customers by offering **help and training**. Whether you're a growing business or an enterprise, SmartSuite continues to provide **everything you need** to meet today's business demands.

THE SMART WAYS LOTUS HELPS YOU INCREASE PRODU
