Gain competitive advantage with Solomon IV and Surebridge.

Solomon IV responds powerfully to the wish lists of mid-sized companies seeking the ultimate in financial, project and distribution management. Solomon IV features robust financial reporting capabilities. It tracks profitability and status on a project basis. It web-enables all time and expense reporting. In short, Solomon IV allows you to streamline and achieve operational efficiencies throughout your organization.

Solomon IV offers mid-sized organizations an enterprise-wide solution that supports your capacity as you grow. Modules include:

FINANCIAL MANAGEMENT

- Set up and control customer records according to your operating policies
- Set up accounts and sub-accounts for multi-company processing
- Instant access to your company's current cash balance

PROJECT MANAGEMENT

- See the impact budget revisions will have on project profitability
- Helps turn change-orders into billable work
- Manage subcontract agreements from the pending stage through commitment

DISTRIBUTION MANAGEMENT

- Define default inventory account numbers, variances, sites, product classes and valuation methods
- By eliminating unnecessary steps, allows orders to be processed with just vendor ID, item ID, and quantity
- Unlimited shipping addresses per line item, sales bookings tracking, and online negotiation

Other Solomon modules include:

SERVICE MANAGEMENT

RELATIONSHIP MANAGEMENT

MANUFACTURING MANAGEMENT

E-BUSINESS MANAGEMENT

Fast Facts about Solomon and Surebridge

- Surebridge is a Top 10 Solomon Reseller — nationwide — two years in a row
- With more than 300 Solomon implementations to date
- And more than 25 full-time, in-house Solomon experts to assist you

Surebridge: At your service.

Surebridge is an established, leading ASP (Application Service Provider) intensely focused on the needs of mid-sized companies like yours. Our proven approach delivers business solutions efficiently, cost-effectively, and risk-free.

Three financially sound reasons to choose Surebridge.

1. SOLUTIONS PRICED AS A SERVICE

You achieve rapid time to value with Surebridge. For an all-inclusive and affordable monthly fee, your company gains access to all of Solomon IV capabilities.

2. COMPLETE ACCOUNTABILITY

Surebridge takes responsibility for the application environment. Close collaboration between Surebridge and its customers means that problems are always resolved quickly and without disruption of business processes.

3. A BUSINESS SOLUTION THAT MAKES SENSE

Our unique process methodology enables Surebridge to eliminate implementation risk, reduce the likelihood of obsolescence and increase speed to market.

Trust through quality.

At Surebridge, we pride ourselves on quality — high-quality of service, partners and customer relationships. Our trusted advisors/experts in each practice area deliver you a single point-of-contact throughout the lifecycle of our relationship. This approach has earned the trust of hundreds of satisfied customers, who are now our best references.

DISTRIBUTION MANAGEMENT

- Define default inventory account numbers, variances, sites, product classes and valuation methods
- By eliminating unnecessary steps, allows orders to be processed with just vendor ID, item ID, and quantity

IV capabilities.

2. COMPLETE ACCOUNTABILITY

Surebridge takes responsibility for the application environment. Close collaboration between Surebridge and its customers means that problems are solved *reduced outside and without disruption of business processes.*
